

### Art Activity *Creative Writing*

You will need:

Your wooden spoon people from last week

Speech-bubble post-its (or paper)

This activity is designed for two or more people in your family.

Now, you can write either a story or ask some questions of each other. Maybe ask for a story about when Grandma was little, or ask quiz questions, or tell jokes. Anything that will encourage creative writing.

Then try and carry on a dialogue on your post-it speech bubbles.

You can do this activity by real-live letter post, by email or WhatsApp or whatever way your family are keeping in touch. Or maybe, you can do it together now or very soon.

Have fun!

*With best wishes*
